Dual-Band **Wi-Fi 6**

Supports Local & Cloud Storage¹

An all-time favorite camera, now better than ever

Same trusted performance, now with a fresh new face.
The H6c is the next evolution of EZVIZ's indoor PT series.

A Renowned H6c Family

7,000,000+

Units Sold Globally from 2022-2024²

A Human-Centered Design Heritage

International Design Awards Received
by EZVIZ from 2022-2024³

An all-rounder that owns the game

EZVEIZ New-Generation H6c G1

*The chart is only for illustration purposes to show the overall competence of the H6c G1 (4K), based on the EZVIZ Lab's test results of other commonly seen product models sold in the market.

Go big on clarity. It's 4K that stuns.

The new H6c takes a big leap in image quality with its 4K resolution. It's a major upgrade that brings pro-level visuals right into everyday home security.

3840×2160 Pixel

1/3" Progressive Scan CMOS

4K
ULTRA HD

Go bold on width. Time to see right below and above.

The redesigned H6c is designed to see much more than most cameras in the market. It's easier than ever to find the best installation spot and use it flexibly for your home and business.

Desktop View

Ceiling-Mounted View

Every frame, decoded by extra smarts

Plenty of detection choices to keep you informed

 Detects human motions

 Detects your active pets⁴

 Alerts a sudden sound⁵

Smart auto-zoom tracking to capture a complete activity

 Zooms in for clearer details

 Keeps the motion sharp and in focus

Experience the night in living color

Unlike traditional infrared that renders scenes in dull monochrome, the color vision of H6c captures true-to-life hues and striking details even in low light.

See how color night vision makes a moment different

F1.6 Large Aperture to Capture Dim Lights

Smart Color Night Vision with Built-In Lights

Night Vision up to 10m (33ft)

Balanced lighting. Better footages.

True WDR helps the camera balance bright and dark areas in the same frame, so nothing gets lost in shadows or washed out by sunlight.

Stay close, all from your phone

Create your own security check routines, so the camera knows exactly where to focus. Once you've chosen the areas that matter most, the camera will automatically patrol those spots and alert you when necessary.

Customizable Patrol Area

Easy Control from the App

Tap to call. Easy to connect & check.

With two-day calling, it's easy to say hi to the kids, hush a barking dog, or even answer a customer, with just a tap on the camera body.

Meant for every moment and mode

From your living room to busy storefronts, it's ready to roll wherever you need it.

Your life has many sides, H6c G1 captures it all

*Convenience isn't extra,
it's built in*

Ample storage for
precious moments¹

Dual-band Wi-Fi 6
for stable connection⁶

Smoother viewing
with smaller video files⁷

Privacy Shutter

ON ☒

Eyes off when you need space

Privacy is always our priority, especially if you need a little time yourself. That's why we make sure that the camera not only blacks out its view digitally, but also physically. With a tap, the camera lens rolls black into the housing, just like a person closing their eyes.

We're committed to protecting with trust

We put security as the primary goal of every product and system that we build. We have also developed various privacy features and flexible settings that you can use at any time to feel even safer.

- 1 Local storage cards must be purchased separately. Cloud storage service is only available in certain market regions. Please verify availability before making a purchase.
- 2 The sales data are collected by EZVIZ from all of its traceable sales channels in the international markets (excluding mainland China) and refer to the total units sold of the H6c family (including the past C6N and H6c models that have an identical appearance) from the period 2022-2024.
- 3 The awards shown on this page include all the product design awards that EZVIZ as a company won from 2022 to 2024, and are not honors only for indoor cameras.
- 4 Currently the H6c only supports smart detection on animal shapes that are similar to normal dogs and cats, and can not differentiate animal types with separated notifications.
- 5 Currently, for the loud noise detection feature, the H6c captures the sudden sound level change in the environment to send an alert notification, and can not differentiate sound types with separated messages.
- 6 Users need to choose the Wi-Fi frequency band during the device setup process. Please note that, once the choice is made, it can not be changed to another frequency band.
- 7 Data from EZVIZ Lab's test results under standard conditions. The video compression efficiency will vary with the frequency and complexity of the activity captured, as well as other environmental factors.

Specifications

CS-H6c-R200-8H8WFL

Camera

Image Sensor	1/3" Progressive Scan CMOS
Shutter Speed	Self-adaptive shutter
Lens	4mm@F1.6, ViewAngle: 110°(Diagonal), 92° (Horizontal), 51°(Vertical)
Lens Mount	M12
Day & Night	IR-cut filter with auto-switching
DNR	3D DNR
WDR	True WDR

Compression

Video Compression	H.264 / H.265
Video Bit Rate	Adaptive bit rate

Image

Max. Resolution	4K (3840 × 2160)
Frame Rate	Self-adaptive during network transmission

Network

Smart Alarm	PIR Motion detection AI-Powered Human Shape Detection AI-Powered Pet Shape Detection Loud Noise Detection
Wi-Fi Pairing	AP pairing / Bluetooth pairing

Protocol	EZVIZ Cloud Proprietary Protocol
Interface Protocol	EZVIZ Cloud Proprietary Protocol

Interface

Storage	MicroSD card slot (max. 512 GB)
Power	Type-C
Wired Network	RJ45 × 1 (10 M / 100 M self-adaptive Ethernet port)

Wi-Fi

Standard	IEEE802.11a, 802.11b, 802.11g, 802.11n,
Frequency Range	2.4G: 2400~2483.5MHz 5G: 5170MHz-5250MHz
Channel Bandwidth	2.4G: Supports 20MHz 5GHz: Supports 80MHZ
Security	WPA/WPA2, WPA-PSK/WPA2-PSK
Transmission Rate	11b 11Mbps, 11g 54Mbps, 11nHT20 MCS7, 11a 54Mbps, 11nHT20 MCS7
Output Power (EIRP)	19 dBm
Antenna Gain	1.9 dBi

Specifications

CS-H6c-R200-8H8WFL

General

Operating Conditions	-10°C to 45°C (14°F to 113 °F) Humidity 95% or less (non-condensing)
Power Supply	DC 5V / 2A
Power Consumption	Max. 8 W
IR Range	Max. 10 meters (32.81ft)
Dimensions	88 × 88 × 117.3 mm (3.46 × 3.46 × 4.61 inch)
Packaging Dimensions	103 × 103 × 168 mm (4.06 × 4.06 × 6.61 inch)
Net Weight	222 g (0.49 lb)

In the box

- H6c G1 Camera
- Power Adapter
- Power Cable
- Drill Template
- Mounting Plate
- Screw Kit
- Regulatory Information × 2
