Electret microphones

Code

B260, MC260, MC265

Description

Family of electret microphones featuring an elegant appearance and able to meet the increasingly demanding specifications of architectural design and interior decoration of halls, conference rooms and places of worship. The cardioid type response of the microphone housing and the very sensitive electret capsule make these microphones perfect for enhancing the user's oratory qualities.

The **B260** table-top base is equipped with an ON/OFF switch, a XLR/F connector with mechanical locking device for fitting a microphone and rear XLR/M output connector.

MC260 - Flexible double-jointed stem, lenght = 55 cm

MC265 - Stem flexible at the base, lenght = 42 cm

B260 - Table-top base for MC260/MC265
