#### **PANORAMICA**

#### overview

Il diffusore FLORA16T è un diffusore a bauletto professionale, equipaggiato con un woofer da 16 cm in sospensione e un tweeter da 1".

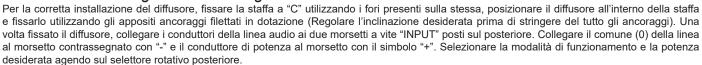

Questa accoppiata, insieme ad un trasformatore ad alta efficienza da 32W, rende il diffusore ideale per le applicazioni che richiedono ottima risposta a tutte le frequenze e una pressione sonora elevata. La staffa in dotazione, ad orientamento multiplo, permette un'installazione rapida e versatile. La costruzione in materiale plastico assicura un lunga durata nel tempo anche in ambienti esterni.

FLORA16T loudspeaker is a professional box loudspeaker, equipped with a suspended 16 cm woofer and a 1" tweeter.

This coupling, together with a 32W high efficiency transformer, makes the loudspeaker ideal for applications that require excellent response at all frequencies and high sound pressure. The supplied bracket, with multiple orientations, allows for quick and versatile installation. The construction in plastic material ensures a long life even in outdoor environments.

#### INSTALLAZIONE E CABLAGGIO

#### installing and connecting

For correct installation of the diffuser, fix the "C" bracket using the holes on it, position the speaker inside the bracket and fix it using the special threaded anchors supplied (Adjust the desired angle before tightening the anchors). Once the speaker has been fixed, connect the audio line conductors to the two "INPUT" screw terminals on the rear. Connect the common (0) of the line to the terminal marked with "-" and the power conductor to the terminal with the "+" symbol. Select the operating mode and the desired power using the rear rotary selector.

### CARATTERISTICHE features

- Dimensions: 224X300X313mm

- Weight: 3 kg

- Frequency response: 75 - 20000Hz

- Sensitivity (PN 1W/1mt): 85 dB - SPL max @20W: 100 dB - Nominal power 100V: 4/8/16/32 W

- Impedance 100V (mean): 1.5k/1k/550/310 Ohm

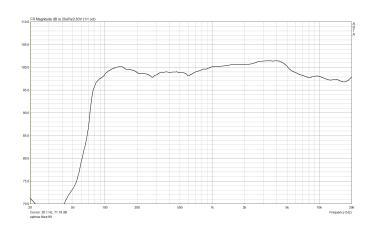

- Nominal impedance: 8 Ohm

- Maximum power: 60W @ 8 Ohm

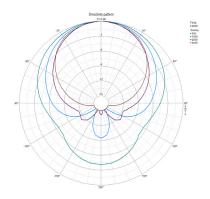

- RNP: >= 100h - Nominal voltage: 100V - IP protection: 45C

- Material: ABS + aluminum
